Budget Ordinance

INTRODUCTION

The budget document is the annual financial plan for Town operations for the period covering one fiscal year, July 1 – June 30. This plan describes sources of revenues and how funds will be spent during the year.

The Annual Budget has four basic functions. First, it expresses the policy of the Town Board. Through the budget, the Board of Commissioners exercises its authority to increase services in some areas of Town operations and decrease them in others. As a part of the budget review process, the Board of Commissioners determines the tax rate for each fiscal year. Other fees such as water and sewer rates, electrical rates, collection fees, may be reviewed and adjusted if necessary. At that time, the Board also makes whatever salary modifications are deemed to be appropriate.

Secondly, the budget process is a management and planning tool. The budget and subsequent accounting reports, allow managers to isolate potential problems and ensures that Town resources are used effectively and efficiently. The process of preparing the budget provides the opportunity for managers to evaluate their operations and to formulate goals and objectives for the upcoming year. The budget system also provides a means of monitoring progress toward those goals throughout the year.

Thirdly, the Annual Budget is a means of communicating to the citizens of Enfield and others how public funds are spent. The budget is a tangible expression of the Town Board's policy direction. To citizens, the budget is a symbol of the policy of the Town Board and the actions of the Town Administration.

Finally, the budget is the foundation for the proper accounting of Town funds. It expresses in financial terms the goals and plans of the Board of Commissioners. The types and amounts of authorized expenditures and the means for financing them are set forth in the budget. Once the budget is recorded in the accounting system, it serves as a control device to keep spending within authorized limits.

Organization of the Budget Document

The Letter of Transmittal is the first section of the budget document. This section provides the reader with a message from the Board expressing its goals and strategies that will be employed during the upcoming fiscal year. The second section is Budget Summaries that gives the reader an overview of the adopted budget. The annual budget of the Town is grouped into different funds as a

means of reporting and accounting for all financial transactions. The various types of funds and the revenue sources supporting each fund are provided in each fund section of this budget. Within each fund is in one or more departments of the Town. Town departments are comprised of one or more divisions.

Adherence to State Statutes

The General Statutes of North Carolina require that the Town adopt an annual balanced budget. The annual budget is prepared using the modified accrual basis of accounting. This basis of accounting recognizes revenues either when they are received in cash (such as licenses or fines) or when the collection of the amounts can be reasonably received in the near future (such as property taxes). Expenditures in a modified accrual system are generally recognized in the period in which goods or services are received or when a liability is incurred. The appropriations in the budget ordinance for the various operating funds are on a functional basis.

Re: Budget Message

Dear Mayor Robinson and Commissioners

I am pleased to submit the Proposed Budget for fiscal year 2025-2026 for your review. The proposed budget is balanced with no increase to the current property tax rate of 0.927, to include Enfield Fire Tax of 8.9 cents. The total of all appropriations in this budget is \$6,042,690. Halifax County did a revaluation to the all property. This resulted in an increase of all property values by 24%. Also, we increased garbage pickup rates for residential and business.

The budget process is a time for the board to refocus its vision for the community, and to evaluate a plan of service and the financing package that facilitates the fulfillment of that vision. More so than ever before, the board has tried to focus on the task and to bring forward a plan that more clearly reflects the priorities of the board and the citizens. Through the proposed budget, the Town will continue to provide the basic Town services at the current level.

PLAN of SERVICE

The proposed budget was developed while continuing to look to the future. Through financial projections, the Board was presented with the outlook of revenues and expenditures. Based upon these projections, the Board acknowledged the potential gains and shortfalls in the future. To better prepare for the future, the Board not only utilized each department's participation in developing this budget, the Board also openly discussed the current and future service levels along with needing to identify and obtain new funding resources.

COMPENSATION

To retain the present work force and continue to provide a minimal level of service, the choice was whether to reduce the work force, adjust rates, decrease expenditures, or identify new sources of

revenue. A reduction in staff would mean that some services would be contracted out or discontinued. The Board agreed to keep the present services and workforce.

FINANCIAL PLAN

Having discussed the task, the Board has undertaken; we would like to focus your attention on the recommended tax rates.

Property Tax Rate

The current property tax rate is .927/\$100.00. The proposed budget includes the current tax rate of 8.9 cents, which will support the basic services provided by the Enfield Fire Department.

Garbage Rates

The garbage rates will increase to \$25.00 for residential and \$45.00 for commercial.

Electrical Rates

There will not be an additional increase to the electrical rates in the upcoming budget year. The basic charge for residential electrical service is \$14.69 and the cost per kWh will be 13.8690 cents.

Water and Sewer Rates

The Water Availability Fee will remain at \$30.00. The per-thousand rate will be 0-1000 in town \$3.30, out of town \$6.60; 1001-2000 in town \$4.80, out of town \$9.60; 2001-3000 in town \$5.30, out of town \$10.60; 3001-4000 in town \$6.80, out of town \$13.60; 4001-5000 in town \$7.80, out of town \$16.60 for residential and \$2.82 for commercial.

The Sewer Availability Fee will remain at \$30.00. The per-thousand rate will be 0-1000 in town \$3.50, out of town \$7.00; 1001-2000 in town \$4.20, out of town \$8.40; 2001-3000 in town \$5.40, out of town \$10.80; 3001-4000 in town \$6.90, out of town \$13.80; 4001-5000 in town \$9.00, out of town \$18.00 for residential and \$2.82 for commercial.

Security Deposit

The security deposit will remain at \$600.00. Of this cost, \$400.00 is for electrical services, \$100.00 for water services and \$100.00 for sewer services. The Board approved to surrender the customer's utility deposit back in the event of the customer relocating outside of the Town of Enfield's service area and upon payment of all outstanding balances on the customer's utility bills.

Other Rates and Fees

A review of the current rate and fee schedule prompted the need for implementation of the following rate and fees: Meter Testing Fee \$25.00, Meter damage/replacement \$250.00, New Cemetery Plot Fee \$1000.00 per grave, Opening and Closing Cemetery Plots \$650.00, Cremation \$400, Grass Cutting \$125per cut, Minimum Housing Code \$50.00.

SOUND FINANCIAL PRATICE

Why is the level of undesignated Fund Balance important to the Town?

It is important to maintain an undesignated fund balance in the major operating funds at a level that would be sufficient to provide financial cushion in the event of unanticipated events, such as loss or major reduction of a revenue source, a sudden economic downturn, or natural disasters. Due to the nature of the area in which we live, we already know natural disasters are coming more frequently.

FUTURE CHALANGE

The Town will continue to be challenged to provide quality services in the future and to do so in a manner that will be seen as efficient by Town residents. A significant challenge to the Town in the next fiscal year will be to identify additional levels of funding to help alleviate potential shortfalls in the future.

CONCLUSION

In closing, I would like to express my sincere appreciation to the Department Heads, all Town employees, our vendors, citizens and the Commissioners for working together to meet the demanding needs of providing Town Services to our Community. Everyone involved had a little give and take to make this budget a success and I appreciate the competent and professional manner in which this process has been carried out.

Sincerely,

Patricia Whitaker
